ADAPT & IMPROVISE

"I'm ready for the silver screen after 2 days of training. My confidence to use the skills I've learnt to keep things under control when stress and pressure is high. I feel ready to take on all the challenges we have coming up."

KEY THEME OF LEARNING

INFLUENTIAL STORYTELLERS

01 ENGAGE & INFLUENCE

"These exercises made it really practical to apply techniques in real life."

Participants consistently valued the highly practical, experiential approach. Improvisation, role play, and vocal and physical storytelling exercises enabled real-world practice rather than theoretical learning.

02 CONFIDENCE, PRESENCE & MANAGING NERVES

"Learning how to contain nerves and be impactful was incredibly valuable."

A clear and consistent outcome across cohorts was increased confidence. Participants developed tools to manage nerves, remain grounded under pressure, and communicate with greater authority, clarity and impact.

03 REAL-WORLD RELEVANCE & IMMEDIATE APPLICATION

"I can use these techniques straight away, not just for presenting, but in everyday client engagements."

Participants highlighted how seamlessly the learning transferred into their everyday work from client and stakeholder conversations to formal presentations.

04 PSYCHOLOGICAL SAFETY & EXPERT FACILITATION

"The safe space allowed real vulnerability and meaningful growth."

Tutors were repeatedly recognised for creating a safe, encouraging learning environment supported by expert guidance and real-time, constructive feedback.

AREA OF GROWTH

IMPROVING ON THE EXPERIENCE FOR THE FUTURE

NIDA Corporate Training is committed to continuous growth and while feedback was overwhelmingly positive, several constructive suggestions emerged, presenting opportunities to deepen and extend impact in future deliveries.

PARTICIPANT SUGGESTIONS

01

More time with personal slides or scripts

- Dedicated pre-work for slide scripting
- More time presenting their own content

02

Filming or replay opportunities

- Video playback to compare progress
- Review and reflect across the two days

03

Extended or follow-up sessions

- Ongoing or refresher workshops
- Roll-out to broader teams and locations

SUGGESTION FOR FUTURE DELIVERIES

Continued storytelling and influence development

Deeper improvisation and client simulation work

Team-based cohort sessions

Embedding shared language and practice across teams

INDIVIDUAL FEEDBACK

YOUR PARTNER IN PERFORMANCE

"The tutors curated a safe space to be vulnerable that allowed me to throw myself into each activity with no hesitation. Their feedback they provided was constructive what allowed for progress across the 2 days."

"This training will be highly instrumental in my career moving forward. The exercises were invaluable in uncovering key areas for growth and will, in turn, make me more confident with every interaction."

"Both days were designed and structured incredibly well! All activities and learning exercises compounded to building on our skills and confidence. Thank you!"

"An invaluable course to understand the physiology of storytelling and public speaking for my role. So many hot tips to implement straight away in my personal and professional life. The best training course I've ever done in my 20 + year career."

"I have attended so many presentation courses over the years, but this one was so practical, easy, engaging and fun."

"It will support our team as it's created powerful memories of tools and techniques that work."

"Excellent structure, tutors and content. Voice exercises were really insightful to break some of the silence / listening mode when absorbing content and lessons."
